Prime location! Rare bayfront property in a private gated community located in the heart of downtown Islamorada with gorgeous sunset views, private pool and dockage! This original 4 bed/4 bath concrete home has a concrete roof and is ready for you to come in and make it your own, or take advantage of the existing building right to create your dream home in Islamorada's most exclusive community. Tucked into its own private corner of prestigious Pen Key Club, this ground level home is one of only seven in the 31-home community directly on the open bay and is on one of the largest lots with nearly half an acre of upland and another half an acre of baybottom. It also has a large private pool and had its own private dock on the property (in need of repair), in addition to enjoying use of the community boat basin and the community pool if desired. The current home is 2/2 in the main house and has 2 separate 1/1 guest suites, each with its own private entrance. Outside is a large shady grass yard with beautiful mature trees, including a stunning Haden mango. Another unique feature of Pen Key is that the club employs a full-time property manager living on site to maintain the grounds and common areas. After a day out fishing or boating, come home and watch the sunset from your own back yard and then stroll through the meticulously landscaped neighborhood and out the secure front gates to enjoy fine dining just steps
